readers and scholars often question the inclusion of the book of esther in the canon where they wonder do the book's flagrant displays of hatred deceit violence and the antidotal grotesqueries of purim figure in the biblical tradition such confusion this book tells us arises from a wrong appraisal of esther's literary genre distinguished scriptural scholar and ²lacocque draws on the lessons of russian critic mikhail bakhtin to reveal the true comedic nature of the story of esther and mordecai in particular lacocque finds in the book's grotesque elements from royal banquets that last a half year to an improbable succession of coincidences and reversals of fortunes neutralizing a planned genocide a natural fit with bakhtin's description of the carnivalesque bakhtin's rediscovery of the carnivalesque employs such key notions and categories as the dialogic the novelistic the chronotopic the polyphonic and authoring as creating using these and other bakhtinian tools lacocque rereads esther to show how the book's comedic mood is paradoxically proportional to the catastrophic predicament of the jews here as biblical theocentrism shifts to judeocentrism we see how the carnivalesque becomes subversive of the establishment and liberating in esther the underlying conviction is that jewish survival is providential and that anti-semitism is anti-god this is as lacocque tells us with a nod to aristotle a worthy lesson disguised as a low genre
